

Cultivating Cocoa Communities, Changing Lives

Taste the story of:

TRIAS
TURNING DREAMS INTO
OPPORTUNITIES

COCAMA or “Coopérative Cacao Mayumbe” is located in Nganda-Tsundi in the Tshela territory in the province of Kongo Central of the Democratic Republic of Congo. The cooperative was created in 2009 and works to produce, process and market quality cocoa to help improve the living conditions of their 469 members.

More than 10 years of experience in international cocoa export

COCAMA disposes of a wood-fuelled oven and is currently looking for more ecological alternatives.

Production capacity of around 150 tons of sundried cocoa per year

TRIAS strengthens entrepreneurial organisations around the world, that in turn support local entrepreneurs and farmers.

Through tailored support for each partner, members get access to advice, small loans or training. This enables them to start a business or grow further.

- **Over 50 years supporting Member Based Organisations (MBOs) around the world**
- **Reaching 5.5 million people worldwide**
- **Strengthening 118 entrepreneurial organisations**

OUR PARTNERSHIP

Trias teams up with COCAMA for 10 years already. Together, we stimulate sustainable practices among member and work on market access and livelihood improvement. Trias supports COCAMA's adherence to zero-deforestation regulations and facilitates access to funding for cooperative activities, ensuring sustainable development and economic growth in the Kongo Central province.

“Cocoa growers joined forces to market cocoa together, and that’s how COCAMA was born. Thanks to the support of Trias, we are now recognized as a well-organised and professional organisation.” - Russel Mombo, president of COCAMA
