UNOCACE

Markets more than 2,000 tonnes of cocoa

More than 50% of the members have been trained in production techniques

More than 6,000 indirect beneficiaries

TRIAS strengthens entrepreneurial organisations around the world, that in turn support local entrepreneurs and farmers.

Through tailored support for each partner, members get access to advice, small loans or training. This enables them to start a business or grow further.

- **Reaching 5.5 million people worldwide**
- **Strengthening 118 entrepreneurial organisations**

OUR PARTNERSHIP

Since 2019, Trias and UNOCACE have forged a path of sustainability and progress, enhancing the value of cocoa and its derivatives, and integrating youth and women into the agricultural narrative. The SEPOP project, backed by AFD, champions sustainable agriculture, uplifting family farms across Latin America towards prosperity. These days UNOCACE produces certified organic and fair trade cocoa, is more resilient to climate change, and child labour and deforestation have no place in the organisation, ensuring a greener tomorrow.

"Being a member of UNOCACE gets us more money for our cocoa beans. They also offer us technical support, trainings and new material." - Pamela Veas (Los Rios, Ecuador)
